**Piazza Mentana, 1 Cologno Monzese**

### **ADVENTURE IN THE U.S.A.**

As an introduction to Conversational English, what decides a trip? What region of America? Where do we plan to visit, and why? What is OUR identity? Are we an average vacationer/tourist, or a worker going to the USA for the first time, OR even a fugitive? In a series of fun role-playing exercises and games, we decide our identity and then organize our trip around that identity.

Expect to speak, draw, use your imagination and answer questions about your identity. Props will be provided!

### **ARRIVAL!**

Once we arrive in the USA, we have basic needs: food, shelter, work, money. How we manage our stay not only guarantees survival--but fun. Or danger! What comes first? Communication.

Through language exercises, from **Restaurant**, to **Taxicab**, to **Job Interview**, to **Talk-Show** even **Police Station**, our communication skills are put to the test. We always test our language skills through new scenarios. Who wants to keep asking, "Where's the bathroom?" We are speaking with Americans in English!

### **CELEBRATION, CERTIFICATION, and THE BIG QUESTION**

What are our feelings about America? Now we can learn more about you and talk about America. Do you like it? Do you want to stay or do you miss Italy? Luckily, after you receive your graduation certificate you can tell the "proper authorities" what your decision will be. And there will be certificates! It's time now to think and decide on your own!

### **A cura di Aaron Stielstra**
